THE **Patons** HAND KNIT
STAR ★ RATINGS
TO HELP **YOU** CHOOSE THE PATTERN
SUITED TO **YOUR** KNITTING ABILITY

★ One star says this is a **beginner level** of knitting. Knit and Purl stitches, casting on and off and some basic increasing and decreasing.

★★ Two stars mean **easy knits**, with knit-purl stitch patterns, simple lace patterns (no shaping in the lace), slip-stitch patterns, and cables.

★★★ Three stars are for **advanced knitters**, requiring some specialised knowledge such as Fair Isle, Aran and more complicated lace patterns.

★★★★ Four stars signal a **challenge knit**. There can be make-and-lose patterns, complicated shaping, and any technique that requires a higher level of concentration.

P The letter **P** after any star grouping suggests that an additional degree of patience is required for a quality finish.

KNITTING UP STITCHES

This is the method used for neckbands, armhole bands, etc. Hold work in left hand with right side facing you. Hold working needle and yarn in right hand. Insert point of needle through work from front to back. Wrap yarn round point of needle and knit a stitch.

When working along a cast-off edge, insert needle under both loops of cast-off stitch, and knit up one stitch in each cast-off stitch. (Diagram A)

When working along side edge, insert needle inside one full stitch from the edge (i.e. behind 2 loops of stitch, not just the edge loop). (Diagram B)

You will find along this edge that there is alternately one long and one short stitch. If you require less stitches than there are rows along this edge, always knit up through the short stitches and omit some of the long stitches. (Diagram C)

Before commencing, always count the number of rows you have and compare it to the number of stitches you require, then you will be able to make any adjustments evenly along the length of the work.

If you find it difficult to knit up stitches neatly, try using needles 1 or 2 sizes smaller than those in the instructions - but do not forget to change back to the correct size for knitting the band.

Some knitters use a crochet hook to pull the stitches through, slipping them one at a time on to the needle.

CASTING ON FOR K1, P1, RIB

This is a variation of the two-needle method of casting on, and gives a very neat and elastic edge. It is **not** suitable for any rib other than K1, P1.

First you will need to read the first rib row, as this will determine how you start your casting on.

1. If you need an uneven number of stitches and the first row reads "K2, * P1, K1, rep from * to last st, K1." – Make a slip loop and place it on left-hand needle. Insert right-hand needle into loop knitways and knit a stitch, slip the stitch thus made on to the left-hand needle.

** Insert right-hand needle purlways between last 2 stitches and purl a stitch (diagram 1), slip the stitch thus made on to left-hand needle (taking care not to twist the stitch), insert right-hand needle knitways between last 2 stitches and knit a stitch (diagram 2), slip the stitch thus made on to left-hand needle, rep from ** for required number of stitches, ending with 2 knit stitches (before slipping the last stitch on to your left-hand needle, bring your yarn forward between the two needles – this will keep the edge of your work neat).

2. If you need an even number of stitches and the first row reads " * K1, P1, rep from * to last 2 sts, K2." – Work as for method 1, but end with 1 knit stitch instead of 2.

3. If you need an uneven number of stitches and the first row reads "K1, * P1, K1, rep from * to end." – Make a slip loop and place it on left-hand needle. Insert right-hand needle into loop purlways and purl a stitch, slip the stitch thus made on to left-hand needle (taking care not to twist the stitch).

** Insert right-hand needle knitways between last 2 stitches and knit a stitch (diagram 2), slip the stitch thus made on to left-hand needle, insert right-hand needle purlways between last 2 stitches and purl a stitch (diagram 1), slip the stitch thus made on to left-hand needle (taking care not to twist the stitch), rep from ** for required number of stitches, ending with 1 knit stitch (before slipping the last stitch on to your left-hand needle, bring your yarn forward between the two needles – this will keep the edge of your work neat).

4. If you need an even number of stitches and the first row reads "K2, * P1, K1, rep from * to end." – Work as for method 3, but end with 2 knit stitches instead of 1.

Alternative Yarns

The garments photographed in this book were made using the yarn specified in each instruction.

If you wish to substitute another yarn, a list appears below, noting any variations which may occur.

Always **check your tension** carefully before beginning, especially when substituting yarns, and **check your ball bands for pressing instructions**, as these vary between yarns.

3 Ply Yarns

PATONS 3 PLY BABY WOOL

PATONS 3 PLY FEATHERSOFT

PATONS NEW 3 PLY FAIRYTALE

Most knitters find that they need to use needles 1 size smaller for 3 Ply Fairytale compared to the other 2 yarns.

If you use a pearl shade in 3 Ply Fairytale, you may need an extra ball of yarn.

4 Ply Yarns

PATONS PATONYLE 4 PLY

PATONS 4 PLY BABY WOOL

PATONS 4 PLY FEATHERSOFT

PATONS NEW 4 PLY FAIRYTALE

Because Patonyle 4 Ply is in 50g balls, you will need approximately double the number of balls if using any of the other 3 yarns in its place (and approximately half the number of balls if using Patonyle in place of any of the other 3 yarns).

If you use a pearl shade in 4 Ply Fairytale, you may need an extra ball of yarn.

5 Ply Yarns

PATONS BLUEBELL 5 PLY

PATONS 5 PLY MACHINEWASH

8 Ply Yarns

PATONS TOTEM 8 PLY

PATONS 8 PLY MACHINEWASH

PATONS NEW 8 PLY FAIRYTALE DK

A garment knitted in 8 Ply Fairytale DK could be slightly larger than the same garment knitted in either of the other 2 yarns.

You will need approximately 2 balls of Fairytale DK for every 3 balls of the other yarns (and approximately 3 balls of the other yarns for every 2 balls of Fairytale DK).

HELPFUL HINTS

Measurements. Always be generous with measurements when an instruction is given to a number of centimetres. Measure in centre of work, with work laid out flat, unless otherwise stated.

Always count number of rows to make sure that different parts of a garment correspond when a measurement is given in instructions.

As most patterns give more than one set of measurements, it is advisable to read through the pattern before beginning to knit. Find where your own size is in the bracket and mark that set of figures throughout the pattern. If any alterations have been made to length or width, take a note of them. A row counter helps to keep a close check.

When increasing or decreasing, mark the position with a coloured thread – it makes it easier if the work has to be checked.

Join a new ball of yarn at the beginning of a row whenever possible. If the yarn covers the width of your knitted piece 4 times, you will have enough to finish a row – if not, join a new ball of yarn (the odd length can be used for sewing up). When yarn has to be joined in the middle of a row (e.g. circular knitting) it must be spliced.

SLIP-STITCH

This is the method used for turning up hems or stitching double neckbands in place. Work 1 stitch into each cast-on or cast-off stitch to be sure that the work will be elastic. Always be sure that the stitches follow up evenly and do not form a crooked line.

HELPFUL HINTS

Neatening the side edge of your cast-on. Before slipping the last cast-on stitch on to the left-hand needle, pass the yarn from back to front between the points of the two needles, then slip the stitch on to the left-hand needle. This prevents a curved edge on the last stitch.

HELPFUL HINTS

Neatening of cast-off buttonholes. When working the cast-on row of buttonhole, before slipping the last cast-on stitch on to the left-hand needle, pass the yarn from back to front between the needles, then slip the stitch on to the left-hand needle and complete the row.

Alternatively, when working the row after buttonhole has been completed, with right-hand needle pick up purllways the loose thread, or threads, at base of buttonhole, slip it on to left-hand needle and work it together with the first stitch on left-hand needle.

BACK-STITCH SEAM

This is the method most commonly used for joining knitted garments. Hold the pieces together with right sides inside. The seam should be sewn one full stitch in from the end of each row so that all seams will be even. One stitch should be worked over every row. Darn in all ends of yarn after sewing seams.

SEWING FRONT BANDS TO CARDIGANS

Medium Buttoning

To obtain correct length of band required, sew raglan or shoulder seams as stated in instructions. Place a pin at centre back neck of garment. Lay cardigan flat on table and pin fronts to back at raglan or shoulder seams. Pin fronts to back of cardigan along front edges, taking care that lower bands and front shapings match exactly. All rows of knitting should be horizontal across garment, thus any stripes or patterns will match exactly.

Knit about three-quarters of length of band required. Place band to cardigan (garment laid flat) matching row for row on lower bands and noting that first row of knitting is right side of band unless otherwise stated. Pin buttonhole section to right front (left for man) noting that top buttonhole should come level with or a little below first shaping. Pin band up to raglan or shoulder seam.

Take pins from raglan or shoulder seam and pin band around to centre back. Band across back neck should be firm enough to prevent back of garment stretching when worn. Mark centre back of band and point of band opposite first shaping. Unpin band from garment and knit band length required, measuring second half by folding at centre back pin. Mark point to match to first shaping on other front.

Pin front band to lower bands, matching row for row. Pin band to fronts up to first shaping. Pin at back neck, then remainder to front slopes. Lift garment from table and remove pins attaching fronts to back.

Re-pin band so that right side of band is facing right side of garment, taking out and replacing each pin separately.

** Back-stitch band to cardigan. Care should be taken that lower edge of garment forms a straight edge and that there is not an indentation at band seam. One stitch should be taken from band and cardigan to form seam. **

High Buttoning

Knit bands as instructions. Sew raglan or shoulder seams as stated in instructions. Pin front bands to lower bands of cardigan, matching row for row. Lay cardigan flat on table and pin fronts to back at raglan or shoulder seams. Pin fronts to back of cardigan along front edges, taking care that lower bands and neck edges match exactly. All rows of knitting should be horizontal across garment, thus any stripes or patterns will match exactly.

Mark fronts in quarters with pins by measuring (from top of lower bands) with tape measure. Mark front bands in quarters (from top of lower bands).

Pin bands to cardigan, watching that all lines of knitting remain horizontal. Turn bands so that right side of band is to right side of garment and re-pin, taking out and replacing each pin separately. Complete as given from ** to ** for Medium Buttoning.

POM-PONS

To make a pom-pom, cut two circles of cardboard, the diameter depends on the size of the pom-pom to be made, and should be equal to the size of the finished pom-pom plus approximately 1.25 cm for trimming, plus the diameter of the centre hole, e.g. for a pom-pom 4 cm across, the circles would be 4 cm, plus 1.25 cm, plus 1.25 cm for centre hole, equals 6.5 cm. Cut a round hole in the centre, the size of the hole is approximately a quarter of the finished pom-pom. Wind the yarn round and round the cardboard until the centre hole is completely filled up.

Place the point of a pair of scissors between the two circles of cardboard and cut around, keeping the scissors between the cardboard all the time. Using a double strand of yarn, wrap round between the two circles of cardboard, knot firmly, and take away cardboard. Trim pom-pom.

FINISHING YOUR GARMENT

Pressing

No matter how well you have knitted your garment pieces, time spent on preparation pays rich dividends in a more professional finish.

Lay each piece, wrong side up, on a flat surface. Protect the surface of the knitting by laying an ironing sheet, or a piece of plain cotton, over a blanket padding on the flat surface. Pat each piece of the garment into shape, and pin down at intervals of about 2.5 cm all round the edges (make sure the pins are rustless). If the instructions say "Do Not Press", cover the knitting with a clean damp sheet, and leave to dry naturally.

Most wool yarns or those with a fairly high proportion of wool in them should be pressed with a warm iron over a slightly damp cloth.

Press lightly – do not glide the iron. If you use a steam iron, use it dry over a damp cloth, as the steam from your iron could be too hot and may damage the fibre.

Synthetics are usually not pressed at all. Any variations in methods of pressing are mentioned in the instructions.

Ribbed bands should not be pressed.

Sewing Up

Tapestry needles or knitters needles (i.e. those with blunt ends instead of sharp points) are ideal for sewing up knitted garments.

Use the same yarn as that in which you knitted your garment. Certain nubby yarns are not suitable for sewing up and suitable plain yarn should be used. Seams should be sewn as instructed, in the order given. Do not start with a knot in your yarn when sewing a seam. Run the yarn along the seam edge for about 2.5 cm before commencing.

NECK EDGING

Using a flat seam, join raglan seams, noting that tops of sleeves form part of neckline. With wrong side facing work 1 row dc evenly around neck edge, having a number divisible by 4 plus 1.

2nd row – 1 dc in first dc, * miss 1 dc, "Shell" in next dc, miss 1 dc, 1 dc in next dc, rep from * to end. Fasten off.

MAKE UP

We do not recommend pressing this garment, owing to the crochet texture.

Using a flat seam, join sleeve seams. With right side facing work 1 row dc evenly along front edges, working three 3 ch buttonloops evenly along right front yoke. Sew on buttons. Thread ribbon through eyelet row of yoke as illustrated.

BONNET

SIDE PANELS (make 2)

Make 30 (32–34–36–38) ch loosely.

8th row – 1 ch, 1 dc in first tr, * "Shell" in back loop of next dc, miss 2 tr, 1 dc in next ch sp, rep from * to end, working last dc in top of turning ch.

MAKE UP

We do not recommend pressing this garment, owing to the crochet texture. Using a flat seam, join side edge of side panels, then run a thread through foundation ch, draw up and fasten off securely. Placing seams of side panels to back of centre panel, sew side panels to centre panel, leaving 4 (4–5–5–6) and 2 half patts free for face. Sew ribbon to neck edge as illustrated.

Work 2nd and 3rd rows as for Back Skirt of Dress 3 times. Fasten off.

MAKE UP

We do not recommend pressing these booties, owing to the crochet texture. Using a flat seam, join foot and leg seams. Thread a length of ribbon through eyelet row at ankle. 

FLAT SEAM

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top though the centre of the stitch, then in same manner through corresponding stitch on second piece.

Note – Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic – there should be as much stretch in your seam as there is in the rest of your garment.
